Which oneeeeeee helpppppp 🤔🤔🤔🤔🤔

notebook

ARTIST ECONOMICS

- Artists select monthly price at whatever works best for them and their superfans
- In the US, we pay 15.25% of gross revenue to collaborators via PROs and The MLC, and we pay similar amounts to licensing bodies in other territories.
- Artists always keep the majority of revenue after services fees and publishing royalties

MADE BY ARTISTS, FOR ARTISTS

Share with confidence:

- All music is watermarked to each specific user, addressing leaks in real time
- Section 115 and PRO licensing in the United States (and equivalent in other territories) to pay songwriters, producers, and recordings rights holders
- Licensing in Canada and the UK coming soon

Julian Bunetta

Producer & Notebook Co-Founder

- 150 RIAA Platinum & Gold certifications
- 2024 hits: "Espresso" and "Lose Control"
- Over 60B lifetime streams

"The music business needs more avenues for artists to connect to their fans and share their creations."

Julia Michaels

Artist & Notebook Co-Founder

- Grammy winning artist and songwriter
- 65+ Songs on Billboard's Top 100
- 95B Lifetime Streams

"Artists should be able to make a living through their art."
